CONGAS

The conga is more than just a drum; it's a vessel of history and emotion. Its story begins in the heart of Africa, where drums were crafted to celebrate and connect communities. Over time, it evolved into a powerful symbol of identity and expression, blending African rhythms with Spanish and indigenous influences. The conga became the heartbeat of Afro-Cuban music.

Meinl Percussion Congas represents tradition combined with exceptional craftsmanship. We produce these premium drums using only the finest hand-selected materials. We collaborate closely with the most sought-after Conga players on a daily basis, drawing on their expertise to fine-tune every aspect of our drums and make sure that we ensure the highest quality sound and performance.

When you hear the deep, resonant tones of a Meinl Percussion Conga, you're not just hearing a drum; you're feeling the rhythm that has connected generations.

CONGA HEADS & MINI CONGAS

1

The REMO® Symmetry Conga Heads add more volume and resonance to your Conga. These are available for congas with this sign.

From Santurce, Puerto Rico, **William Kachiro Thompson** is one of the most in-demand conga and bongo players today. As a prolific recording and touring artist, Kachiro needs drums that will deliver in a wide variety of musical situations. Inside or outside, in an intimate venue or a big stadium, in the studio or while on tour, Kachiro needs instruments that feel good when he plays them and that transmit the nuances and intensity of his playing. With more than 500 recordings during his career so far, Kachiro's sound and playing style has become a staple in modern-day salsa music produced in the salsa capitals of the world, like San Juan (Puerto Rico), Miami, and New York. The Artist Series Congas and Bongos by MEINL are just what Kachiro needs in terms of look and sound. With an elegant shape of the drum, these drums will accompany Kachiro during his busy recording and playing schedule, always delivering the sound he needs.

Kachiro Thompson

1 WILLIAM "KACHIRO" THOMPSON SIGNATURE CONGAS

SIZES **WKT11:** 11" Quinto, 30" tall

Latin grammy winner, producer, composer, musician and percussianist **Diego Galé** has devoted his artistic life to the knowledge of Afro-Cuban music to integrate it with his special way of creating music with flavor. Diego started playing on bongos at an early age, later adding congas. The Meinl Percussion Diego Galé Artist Series instruments are just what Diego needs in terms of comfort, look, and sound. Their sound is rich and dynamic, full of popping highs and warm lows for both studios and live situations.

Grammy nominated artist **Roberto Serrano** is a recognized Mexican percussionist and drummer whose constant search for musical excellence has allowed him the privilege of working with highly recognized musicians like Alvaro Lopez, Michael Landau, Abraham Laboriel and John Peña. Currently Roberto is playing with Luis Miguel a Mexican singer and record producer. His Artist Series signature congas are specially designed with Roberto Serrano. Outfitted with REMO® Fiberskyn Heads and features a Pearl White finish. Available as 11" quinto, 11 3/4" conga, 12 1/2" tumba.

Roberto Serrano Cruz

Ramon Mongo Santamaria was without a doubt one of the most respected conga players ever, and a pioneer of modern Latin Jazz. Ramon recorded dozens of legendary percussion albums. Mongo has inspired more percussionists around the globe than any other conguero. Mongo Santamaria died at the Baptist Hospital in Miami, USA in February 2003. He was 85 years old. It is with great appreciation and deepest respect that we honour our friend and his life's work with his MEINL Artist Series Mongo Santamaria Congas.

Luis Conte's genius stems from his ability to integrate the powerful rhythms of his native Cuba with the American necessities of American pop music. His long and varied career has included numerous Hollywood film scores and mega-successful albums with Madonna, Ray Charles, Phil Collins, Santana, Shakira, Jackson Browne, Sergio Mendes, Cachao, and a multitude of other artists too numerous to mention. All of Luis' needs have been met and exceeded with the MEINL Artist Series Luis Conte Congas. They combine the charm and sound of the old traditional Cuban drums with modern features and innovations. These congas are equipped with traditional rims, are mounted as close to the shell as possible, and when combined with MEINL's True Skin Buffalo Heads, they enable an even more controlled sound.

CONGAS

BONGGOS

The bongo drum is a little instrument with a tremendous soul. Its roots can be found in the vibrant streets of Cuba, where indigenous, Spanish, and African sounds blended to create a vibrant musical tapestry. The larger drum, the "hembra", and the smaller drum, the "macho", add vitality to the song by making bright, crisp sounds that cut through the atmosphere.

Meinl bongos are expertly made with a commitment to quality, fusing imagination and accuracy. Our bongos guarantee to enhance each beat and stimulate your musical journey, regardless of your level of experience with drumming – whether you're a beginner learning the art or an accomplished performer honing your craft.

TIMBALES

The Timbales originated in the center of the Caribbean, where life's rhythms pulsate through the atmosphere like a constant heartbeat. These drums were originally played in small, private gatherings, and they have resonant tones and sleek, attractive shells. Their influence in the music industry increased along with the boldness of their rhythms. The Timbales are still going strong today, incorporating new genres into their sound as it develops.

Meinl Timbales are as inventive and one-of-a-kind as the artists that contributed to their creation. We collaborate closely with the best timbaleros in the world on a daily basis. By doing this, these timbales continue to serve as a symbol of lively tradition and inventive music, testifying to the rich cultural legacy of the Caribbean.

COWBELLS

The cowbell, a versatile and distinctive percussion instrument, carries a rich and fascinating history. Born as a humble bell for livestock, it transcended its origins to become a vital part of musical traditions around the world. Its true essence shines most brightly in the passionate rhythms of Latin percussion. Played with a wooden stick, the cowbell anchors the rhythm section and keeps the group in sync.

Meinl offers a wide range of cowbells in various sizes and tunings, each crafted to produce unique and expressive sounds. We collaborate closely with our artists to fulfill their every need, ensuring that every player finds the perfect rhythm and tone. Whether it's the sharp accent in a rock beat or the heartbeat of a Latin ensemble, Meinl's cowbells bring passion and precision to every performance.

6 HAMMERED COWBELLS
SIZES **STB80BHH:** 8" (Timbales Cowbell Big Mouth)
STB625HH: 6 1/4" (Medium Timbales Cowbell)
FEATURE Hammered
FINISHES **C:** Hand brushed copper
G: Hand brushed gold
S: Hand brushed steel

7 SALSA HANDHELD COWBELLS
SIZES **SHBC:** 8 1/2"
SHBG: 7 1/2"
TUNING **SHBC:** C
SHBG: G

8 BONGO COWBELL
SIZE 8" (Medium Handheld Cowbell)
FEATURES Muffled sound; For low volume playing
FINISH Black powder coated

9 HAND COWBELLS
SIZES **STB815H:** 8 1/4" (High Handheld Cowbell)
STB785H: 7 3/4" (Low Handheld Cowbell)
STB65H: 6 1/2" (Mini Handheld Cowbell)
FINISH Hand brushed steel

10 HANDHELD COWBELLS
SIZES **STB625HA-CB:** 6 1/4"
STB45HA-CB: 4 1/2"
FEATURE Comfortable holder
FINISH Hand brushed steel

11 MAGNETIC SUSTAIN CONTROL
CONTAINS 2 x Light dampening magnets (16 x 4 mm)
2 x Heavy dampening magnets (16 x 9 mm)
FEATURE Easily control the sustain and dampen the tone of your cymbals or cowbells
INCLUDES Storage container

12 DRUM HONEY SLAB
SIZE 3.54" x 2.36" x 0.31"
FEATURES Extra thick rectangular dampening gel pad; Creates a super meaty drum tone

13 DRUM HONEY
CONTAINS **MDH:** 1 pack of Drum Honey (6 pcs.)
MDHA: 12-piece Drum Honey Assortment (6 x small, 4 x medium, 2 x large)
FEATURES Transforms your drum sound into a warm and sweet tone with no effort; The gels can be removed and reused as needed; Washable and non-toxic

14 COWBELL CUSHIONS
SIZES **MPCC-M:** Medium (32 grams)
MPCC-L: Large (70 grams)
FEATURES Instantly turn your cowbell sound into a retro, super-dry effect; No adhesive material required

LATIN INSTRUMENTS

Discover the vibrant world of Latin hand percussion instruments, where rhythm and culture come together. Our collection features a variety of traditional instruments like maracas, güiros, claves, cabasas and many more, perfect for adding authentic Latin flavor to your music. Whether you're a professional musician or a hobbyist, these instruments bring warmth, energy, and versatility to any performance. Explore the craftsmanship and history behind each piece, and elevate your sound with the rich percussive beats of Latin America.

GÜIROS & CLAVES

1 TURBO GÜIRO

MATERIAL High strength plastic
FEATURES Three striking surfaces;
Rubber ringed grip holes
INCLUDES Synthetic scraper

2 FIBERGLASS GÜIROS

MATERIAL Premium fiberglass
FEATURES Three striking surfaces; Padded grip holes
INCLUDES **GU7BK**: Synthetic scraper
GU7BR: Wooden scraper
COLOURS **BK**: Black
BR: Brown

3 WOOD GÜIRO

MATERIAL Wood
FEATURE Grip holes
INCLUDES Wooden scraper
COLOUR **AM**: Amber

4 LATIN RHYTHM CLAVES

SIZE 8" & 7" long
MATERIAL Select Hardwood
FEATURES For foundational latin rhythms;
Solid body construction; Traditional look

5 WOOD CLAVES, CLASSIC

MATERIALS **HW**: Hardwood
RW: Select Hardwood
FEATURE Solid body

6 WOOD CLAVES, AFRICAN

MATERIALS **HW**: Hardwood
RW: Select Hardwood
FEATURES **CL2**: Solid body
CL3: Hollowed out body

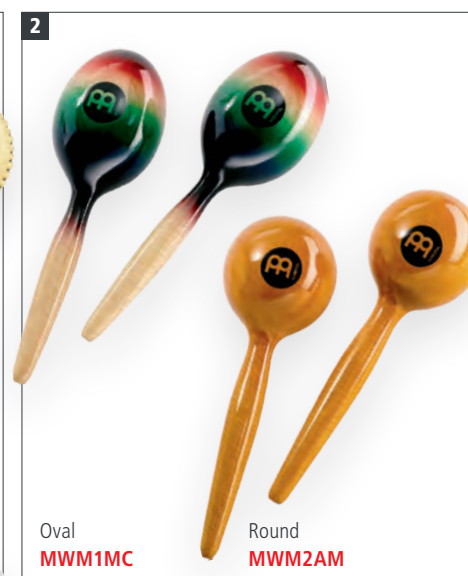

7 WOOD CLAVES, TRADITIONAL

SIZE 8" long and 1" diameter
MATERIAL **IW**: Indian Walnut
FEATURE Classic pitch and clear, piercing attack

8 CLAVES DE LUXE

SIZE 6 3/4" long
MATERIAL Dense hardwood
FEATURES Cutting sound; Convenient carrying

MARACAS

1 RAWHIDE MARACAS

SIZES **MSM2:** Mini
MSM3: Traditional
MSM4: Jumbo

MATERIALS Natural rawhide and wooden handle

FEATURES Entirely made by hand
Offers a wide sonic range
Durable construction

DESIGNS **CO:** Colombia flag
CU: Cuba flag
MX: Mexico flag

2 WOOD MARACAS

MATERIAL Wood

FEATURES Produces a traditional warm and rich sound
Available in both round and oval models

3 PLASTIC EGG MARACAS

SIZE 6"

MATERIAL Synthetic

FEATURE Ergonomically shaped handle

4 CONCERT, SESSION, STUDIO & LIVE MARACAS

MATERIAL Synthetic heads

FEATURE Ergonomically shaped handle

MATERIALS Siam Oak (*Hevea brasiliensis* Muell.-Arg.)
True Skin Buffalo Heads
FEATURE Black powder coated hardware
INCLUDES Nylon strap; Wooden beaters; Tuning key
COLOUR **SNT-M**: Super Natural
FINISH Matte

13 WOOD CONGUITAS
SIZES 8" & 9"

MATERIALS Siam Oak (*Hevea brasiliensis* Muell.-Arg.)
Hand selected buffalo heads
INCLUDES Height adjustable tilting double braced tripod stand; Tuning key; Wrench
COLOUR **NT**: Natural
FINISH High gloss

14 MERENGUE GÜIRAS
SIZES **MGU4**: X-Small; **MGU3**: Small;
MGU1: Large
MATERIAL Brushed steel
FEATURE One-piece metal grip with welded flanges
INCLUDES ABS scraper MG52

15 MERENGUE GÜIRA SHAKER
MATERIAL Brushed steel
FEATURE Filling inside to produce a cutting shaker effect
INCLUDES ABS scraper MG52

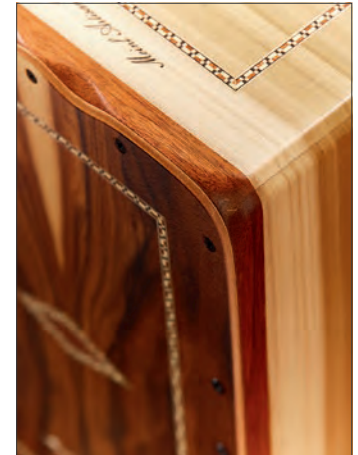

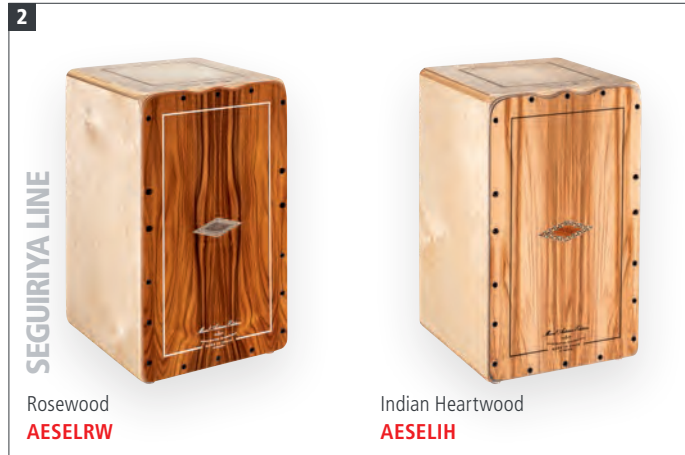

CAJONS

The cajón is a versatile and dynamic percussion instrument, rooted in Afro-Peruvian traditions and widely used across various music genres. Its simple wooden box design delivers deep bass tones and sharp, snappy highs, making it perfect for both acoustic and amplified performances. Whether you're playing flamenco, Latin, or contemporary music, the cajón offers a rich rhythmic foundation. Ideal for drummers and percussionists alike, its portability and range of sounds make it an essential addition to any setup. Explore the rhythmic possibilities of the cajón and bring a new dimension to your music.

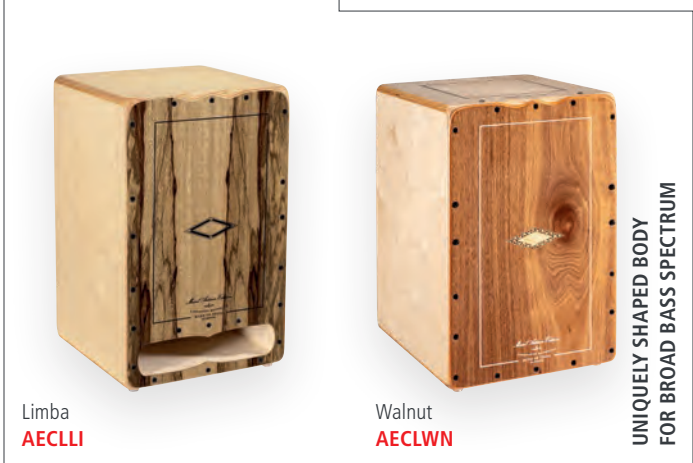

ARTISAN EDITION CAJONS

José Hernández Díaz also known as 'Pepote' – was born in Huelva (Spain) in November 1976. He inherited his passion for wood from his father and grandfather, both of whom were aficionados of woodworking and model aeroplanes.

He first came across the Cajon at the age of 13 while watching a Paco de Lucía concert on television. Inspired to make his own, he soon started receiving commissions from friends and acquaintances when they realised that the Cajon was virtually impossible to get hold of in Spain. Pepote began taking these instruments to local shops in his city when he was just 15 years old. This marked the start of his woodworking training, where he focused on the production of musical instruments by studying techniques for making ancient musical instruments and guitars while also completing his studies in industrial furniture design.

Since then, he has been continually developing the instrument and relentlessly perfecting his craft. He came up with an aesthetic based on comfort, tried and tested more than 30 different kinds of wood for construction, created a special unbreakable string for the Cajon and tried 20 different kinds of varnish for the finish. The list goes on. Everything he does revolves around getting the best possible sound out of the instrument and providing the ultimate peace of mind for the percussionist.

ARTISAN EDITION CAJONS

FEATURES Rounded corners and thumb notches for optimal playing comfort and sound
Ergonomically rounded frontplate with convex contact
Specially formulated soft rubber feet
Martinete, Seguriya, Cantina Line: Extra thick wooden sound port ring for compression
Two tuning screws to adjust the tension for each set of strings
Pop filter on soundhole
Seguriya, Cantina, Minera, Bulería, Soleá, Tango Line: Elegant heat-branding on resonating body

1 MARTINETE LINE

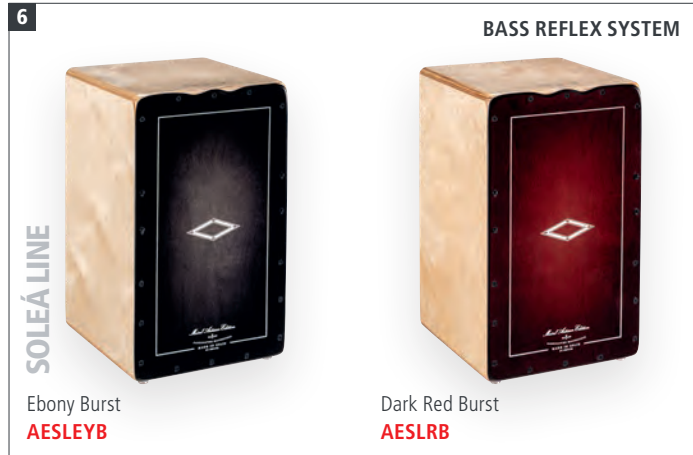

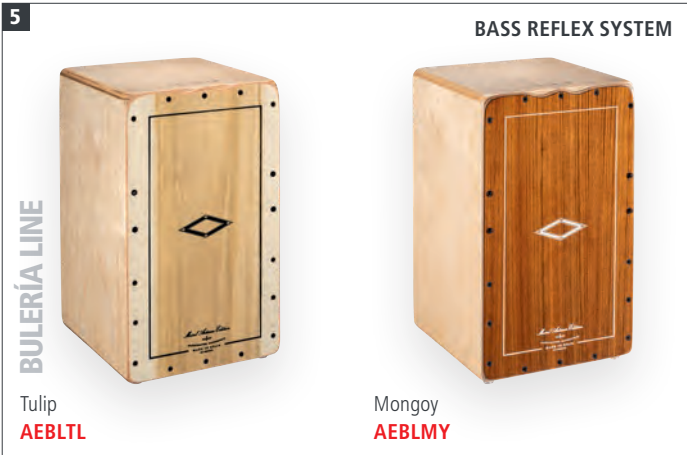

SIZE 11 1/2" W x 19" H x 12 3/4" D
MATERIALS Resonating body: Solid Wood (15 mm)
Tulip Poplar (*Liriodendron tulipifera*)
Frontplate: Brazilian Ironwood (*Phoebe porosa*) with Ukola Woodframe
FEATURES Two sets of 10 adjustable strings (Separately per side)
6 specially formulated soft rubber feet
INCLUDES Tuning key

2 SEGUIRIYA LINE

SIZE 11 1/4" W x 19" H x 11 3/4" D
MATERIALS Resonating body: 9-Ply (12 mm)
Baltic Birch (*Betula Pendula*)
AESELIH Frontplate: Indian Heartwood
AESELRW Frontplate: Rosewood
FEATURE Two sets of 8 adjustable strings (Separately per side)
INCLUDES Tuning key

3 CANTINA LINE

SIZE **AECLBE, AECLLI** 11 1/4" W x 19" H x 11 3/4" D
AECLWN 12 1/2" W x 18 1/2" H x 12 1/2" D
MATERIALS Resonating body: 9-Ply (12 mm)
Baltic Birch (*Betula Pendula*)
AECLBE Frontplate: Brown Eucalyptus
AECLLI Frontplate: Limba
AECLWN Frontplate: Walnut
FEATURES **AECLBE, AECLLI** Forward projecting sound port
Two sets of 6 pre-tuned strings
AECLWN Two sets of 8 adjustable strings from the top (Separately per side)
Decorative wood inlay
INCLUDES Tuning key

4 MINERA LINE
SIZE 11 1/4" W x 19" H x 11 3/4" D
MATERIALS Resonating body: 9-Ply (12 mm) Baltic Birch (*Betula Pendula*)
AEMILLI Frontplate: Limba
AEMILBE Frontplate: Brown Eucalyptus
FEATURE Two sets of 4 pre-tuned strings
INCLUDES Tuning key

5 BULERÍA LINE
SIZE 11 1/4" W x 19" H x 11 3/4" D
MATERIALS Resonating body: 9-Ply (12 mm) Baltic Birch (*Betula Pendula*)
AEBLMY Frontplate: Mongoy
AEBLTL Frontplate: Tulip

FEATURES Two sets of 5 adjustable strings (Separately per side)
 Tuning screw to adjust string tension
 Pop filter on soundhole
 Bass reflex system
INCLUDES Tuning key

6 SOLEÁ LINE
SIZE 11 1/4" W x 19" H x 11 3/4" D
MATERIALS Resonating body: 9-Ply (12 mm) Baltic Birch (*Betula Pendula*)
 Frontplate: Selected wood
FEATURES Two sets of 5 pre-tuned strings
 Bass reflex system
FINISHES **AESLEB** Frontplate: Espresso Burst
AESLEYB Frontplate: Ebony Burst

DJEMBES

The djembe is a powerful and expressive hand drum with origins in West African culture, known for its rich tonal range and deep cultural significance. Crafted traditionally from wood and goat skin, this versatile instrument can produce booming bass, sharp slaps, and resonant tones, making it perfect for dynamic performances and drum circles. Whether you're playing traditional African rhythms or blending it into modern music, the djembe's voice adds an authentic, earthy energy. Easy to play yet full of depth, the djembe is a must-have for percussionists seeking to connect with rhythmic roots and global traditions.

TAMBOURINES FRAME DRUMS

Tambourines and frame drums are timeless percussion instruments found in cultures around the world, known for their simplicity and expressive sound. The tambourine, with its jingling metal zills, adds a bright, rhythmic shimmer to any musical ensemble, while the frame drum, often featuring a single drumhead, produces deep, resonant tones. Both instruments are incredibly versatile, used in everything from folk and classical music to contemporary styles. Whether you're looking to add a rhythmic accent or a rich, earthy foundation, tambourines and frame drums offer dynamic, hand-played percussion for musicians of all levels.

COLOUR Hex key
COLOUR Antique Brown, matte

12 NATIVE AMERICAN-STYLE HOOP DRUMS

SIZES **HOD125:** 12 1/2"; **HOD15:** 15"
MATERIALS Hand selected buffalo head
FEATURE Nylon lacing and grip
INCLUDES Warm and powerful sound
INCLUDES Leather padded wooden beater

13 PLENERA SET

SIZES 8" Quinto; 10" Seguidor; 12" Tumbador
MATERIALS ABS molded frames; Goatskin heads
FEATURE External mechanical lug tuning
INCLUDES Nylon Bag; Tuning Key

HAND PERCUSSION

Hand percussion instruments like shakers, kalimbas, and castanets, chimes and many more instruments bring subtle yet essential rhythms to a wide range of musical styles. These small, easy-to-play instruments offer a delicate and precise way to enhance the groove, adding texture and colour to your sound. From the crisp shake of a maraca to the sharp click of claves, hand percussion creates dynamic layers that enrich both live performances and studio recordings. Whether you're a seasoned percussionist or a beginner, these instruments are perfect for adding a rhythmic pulse and driving the energy of any musical piece.

SHAKERS

1 MINI CAJON SHAKERS

SIZE 2" W x 2 3/4" H x 2" D
MATERIALS Resonating body: Baltic Birch (*Betula pendula*)
SH50
 Frontplate: Baltic Birch (*Betula pendula*)
SH51
 Frontplate: Ovangkol (*Guibourtia ehie*)
FEATURES Compact size; Cutting shaker sound; Miniature size of a Meinl cajon

2 MINI CAJON SHAKER SET

MATERIALS Resonating body: Baltic Birch (*Betula pendula*)
 Frontplates: Exotic Zebrano, Burl Wood, Baltic Birch (*Betula pendula*)
FEATURES Three unique timbres for multiple sound options; Various frontplates for easy identification

3 WOOD SHAKERS, RECTANGLE

SIZES **S:** Small
M: Medium
MATERIALS Baltic Birch (*Betula pendula*)
 Top and Bottom: Exotic Zebrano
FEATURES Wide sound options; Rectangle shaped

4 DUAL CHAMBER SHAKER

MATERIAL Baltic Birch Plywood (*Betula pendula*)
 Top and Bottom: Burl Wood
FEATURES Dual internal chambers for greater shaker control; Easier to play consistent shaker patterns; Ultra-smooth sound

5 WOOD SHAKERS, ROUND

SIZE 4" length, 1 3/4" diameter
MATERIALS **SH56:** Lime
SH58: Beech
SH59: Oak

FEATURES Made from three wood species for different volume; Fits comfortably in your hand
SH56: Soft
SH58: Medium
SH59: Loud

6 DOUBLE SHAKER & GANZA

MATERIALS Rattan with coconut bottom
FEATURES **D01:** Offers two different sounds in one instrument
GA2: Crystal clear sound, high pitched with a great projection

7 CAXIXIS

SIZES **CAX1:** Small
CAX2: Medium

SIZE 27 bars, single row
MATERIAL Gold anodized aluminum alloy
FEATURE Slightly thinner bars for a full, rich and delicate sound

10 CHIMES, 27 BARS

SIZE 27 bars, single row
MATERIAL Gold anodized aluminum alloy
FEATURES Produce a full sound with a wide tonal spectrum
Ideal for smaller stages and club scenes

11 CHIMES, 33 BARS

SIZE 33 bars, single row
MATERIAL Gold anodized aluminum alloy
FEATURES Produce a very bright sound with a pronounced upper overtone spectrum
Perfect for all live situations
High frequency chime
INCLUDES Holder; Striker

12 CHIMES, 66 BARS

SIZE 66 bars, double row
MATERIAL Gold anodized aluminum alloy
FEATURES Produces a rich and full sound
Cut through any band setting
High frequency chime
INCLUDES Holder; Striker

13 ARTIST SERIES CHIMES LUIS CONTE

SIZE 60 bars, double row
MATERIAL Silver anodized aluminum alloy
FEATURES Produces a bright sound from the medium and low pitched bars
Perfect for all studio situations
High frequency chime
INCLUDES Holder; Striker

SAMBA

Samba percussion instruments are the heartbeat of Brazil's vibrant Samba music, driving the lively rhythms that define this iconic genre. Instruments like the surdo, tamborim, and pandeiro create the powerful, syncopated beats that bring energy to Samba performances, from street parades to stage shows. Each instrument plays a unique role, blending deep, resonant bass with sharp, bright tones to form the intricate layers of Samba's rhythmic pulse. Whether you're playing in a Samba band or exploring its infectious rhythms on your own, these instruments offer an exciting, dynamic way to experience the spirit of Brazil.

1 SAMBA WHISTLE

MATERIAL Aluminum
INCLUDES Neck lanyard

2 ALUMINUM SAMBA SHAKERS

SIZES **S**: Small; **M**: Medium; **L**: Large
MATERIAL Aluminum
FEATURE Produces warm and cutting shaker sound

3 ALUMINUM ROCARS

SIZES **RC2-M**: Medium; **RC2-L**: Large
MATERIAL Aluminum frame and jingles
FEATURES Light weight frame; Loud projection

4 MODERN STYLE A-GO-GO STEEL FINISH MODELS

SIZES **STBAG1, STBAG5**: Small
STBAG2: Large

MATERIAL Special steel alloy
FEATURE Tonally matched
FINISHES **STBAG1, STBAG2**: Hand brushed steel
STBAG5: Black powder coating

5 MODERN STYLE A-GO-GO CHROME FINISH MODELS

SIZES **STBAG4**: Small; **STBAG2**: Large
MATERIAL Special steel alloy
FEATURES Flexible connection; Bright sound
FINISH High polished chrome

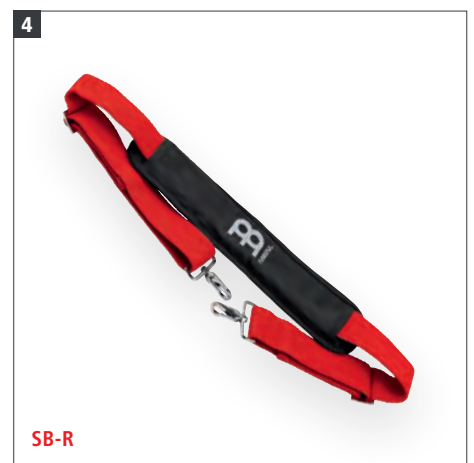

6 TRADITIONAL STYLE A-GO-GO BELL

SIZE Medium
MATERIAL Special steel alloy
FEATURES Traditional shape; Flexible connection
FINISH High polished chrome

7 TRIPLE A-GO-GO BELL

SIZE Medium
MATERIAL Chrome plated steel
FEATURES Traditional Shape; Three tonally matched bells in equal intervals; Spring handle enables counterpoint rhythms

ALUMINUM SURDOS

1 CLASSIC SERIES SURDOS (PATENTED)

SIZES **SUC16:** 16" diameter, 20" tall
SUC18: 18" diameter, 22" tall
SUC20: 20" diameter, 24" tall

MATERIAL Aluminum

FEATURES Countersunk bolt heads
Traditional rim
Chrome plated hardware
Traditional plain shell
8 tuning lugs (16" & 18" models)
10 tuning lugs (20" model)
Logo applied from underneath the head (CN, TH, US patent)

INCLUDES Tuning key

2 BAHIA ALUMINUM SURDOS (PATENTED)

SIZES **SUB18:** 18" diameter, 16" tall
SUB20: 20" diameter, 16" tall
SUB22: 22" diameter, 18" tall

MATERIAL Aluminum

FEATURES Countersunk bolt heads
Chrome plated hardware
Two head options
8 tuning lugs (18" model)
10 tuning lugs (20" & 22" models)
Logo applied from underneath the head (CN, TH, US patent)

INCLUDES Tuning key

3 TRADITIONAL ALUMINUM SURDOS (PATENTED)

SIZES **SU16:** 16" diameter, 20" tall
SU18: 18" diameter, 22" tall
SU20: 20" diameter, 24" tall
SU22: 22" diameter, 24" tall

MATERIAL Aluminum

FEATURES Countersunk bolt heads
Chrome plated hardware
Two head options
8 tuning lugs (16" & 18" models)
10 tuning lugs (20" & 22" models)
Logo applied from underneath the head (CN, TH, US patent)
SU22-L, SU20-L, SU18-L, SU16-L: Height adjustable legs

INCLUDES Tuning key

TIMBAS, TANTAM, REBOLO, REPINIQUES & CUICAS

1 TIMBAS (PATENTED)

SIZES **TIM1428:** 14" diameter, 28" tall
TIM1435: 14" diameter, 35" tall

MATERIALS Poplar Wood (*Populus*)
Replaceable synthetic head

FEATURES Lightweight shell; Chrome plated hardware; Comfortable rounded rim; Strong hook to carry it on a belt; Logo applied from underneath the head (CN, TH, US patent)

INCLUDES Tuning key

COLOUR **AB-M:** Antique Brown, matte

2 TANTAM

SIZE 14" diameter, 28" tall

MATERIALS Poplar Wood (*Populus*)
Replaceable synthetic Napa head

FEATURES Lightweight shell; Chrome plated hardware; Strong hooks to carry it on a belt

INCLUDES Tuning key

COLOUR **AB-M:** Antique Brown, matte

3 REBOLO

SIZE 12" diameter, 18" tall

MATERIALS Poplar Wood (*Populus*)
Replaceable synthetic Napa head

FEATURES Lightweight shell; Chrome plated hardware; Mechanical lug tuning; Strong hooks to carry it on a belt

INCLUDES Tuning key

COLOUR **AB-M:** Antique Brown, matte

4 ALUMINUM REPINIQUES (PATENTED)

SIZES **RE10:** 10" diameter, 10" tall
RE12: 12" diameter, 12" tall

MATERIALS Aluminum
Replaceable synthetic heads

FEATURES Countersunk bolt heads; Chrome plated hardware; 6 tuning lugs (10" model); 8 tuning lugs (12" model); Logo applied from underneath the head (CN, TH, US patent)

INCLUDES Tuning key

5 ALUMINUM CUICAS

SIZES **QW6:** 6" diameter
QW10: 10" diameter

MATERIALS Aluminum
Hand selected goatskin heads

FEATURE **QW10:** Countersunk bolt heads

INCLUDES Tuning key

INCLUDES VR-BDPOSET: Three wooden beaters

CULTURE INSTRUMENTS

Cultural percussion instruments like doumbeks, darbukas, ibo drums, and talking drums carry rich musical traditions from around the globe. The doumbek and darbuka, with their roots in Middle Eastern music, offer sharp, staccato rhythms and deep, resonant tones, perfect for intricate hand drumming patterns. Ibo drums, often used in African and Latin music, bring a unique ceramic timbre, while talking drums, known for their pitch-changing capabilities, are an integral part of West African communication and storytelling traditions. These instruments not only offer diverse sounds but also connect musicians to deep cultural histories, making them a powerful addition to any percussive setup.

HARDWARE

Our percussion hardware collection offers a wide range of sturdy stands, clamps, and accessories designed for durability and performance. Built to withstand the rigors of live shows and studio sessions, these pieces provide rock-solid support for your instruments, ensuring stability and precision. Whether you need adjustable conga stands, reliable clamps for your tambourines or shakers, or versatile mounts for your cymbals and drums, our hardware is crafted with high-quality materials to meet the demands of professional percussionists. Experience the confidence of using robust, well-engineered accessories that keep your setup secure and your focus on the music.
